

The all-new GLE LWB. All kinds of strength.

Mercedes-Benz

Long Wheelbase. For extra comfort.

The new, distinctive design of the all-new GLE LWB puts spaciousness and unparalleled comfort at the forefront. The sleek headlamps, striking new alloy wheels with a sportier front grille, emits characteristics of a modern SUV. The all-new GLE LWB gives you the audacity to take the road not taken with luxury right in the next seat.

The shape of success.
In a whole new dimension with the Fit & Healthy features.

The all-new GLE LWB is not just a means of arriving at your destination but a thoughtful companion through your journey. The Fit & Healthy features understand, motivate and guide to keep you in the prime of your health while driving. Get ready to elevate your driving experience with a car that cares.

Follow your intuition with MBUX.

Simply say "Hey Mercedes" and open the world to limitless possibilities with Mercedes-Benz User Experience (MBUX). The natural-language voice control system along with its ability to learn driver preferences makes sure that when you step inside the cockpit it is a personalized experience, every time.

Hey Mercedes

MBUX features in the all-new GLE LWB

Display styles

You can customise the design and the entire look and feel of the Widescreen Cockpit. There is a choice of four display styles: "Classic", "Sport", "Progressive" and "Subtle". The chosen style tangibly characterises the interior atmosphere, especially in conjunction with the available ambient lighting.

MBUX Interior Assistant (Available with GLE 400d 4MATIC LWB)

Enjoy contactless ease of operation: this innovative system detects and interprets your hand and arm movements. As such you can activate selected functions in a matter of seconds. As part of this the system is able to differentiate between driver and front passenger – so that you can reach precisely the menus you wish to use.

Natural voice control

"Hey Mercedes." These two initial words start the natural, intuitive LINGUATRONIC voice control system which comes as standard. It reacts to almost every word. The system can even process indirect speech – the air conditioning will respond, e.g. to "I feel cold" and increase the temperature setting. At the same time the voice control also has learning capability. It attunes itself to your voice and thus understands you better.

Touch control concept

MBUX offers users maximum freedom for controlling all functions in the way most comfortable and convenient to them. Whether using voice control or intuitive touch functions. The new GLE comes with the option of a multimedia touch display. There is also a touchpad integrated in the centre console, which responds to single and multi-finger gestures as well as handwriting. Furthermore, the displays can be controlled using Touch Control buttons on the steering wheel.

The all-new GLE LWB gives strength a new home.

GLE 400d 4MATIC LWB

GLE 300d 4MATIC LWB

GLE 450 4MATIC LWB

Diesel Engine

GLE 400d 4MATIC LWB

The most powerful diesel engine in the history of Mercedes-Benz bundles together state-of-the-art technology components. As a result, the engine sets standards in terms of agility and consumption. More than an additional bonus: the six-cylinder in-line engine boasts an unsurpassed level of refinement.

World premiere in the passenger car for the combustion process featuring stepped combustion bowls. This combustion process reduces the thermal load on individual components. In addition, even better use is made of the air and the combustion speed is increased – this improves efficiency and reduces particulate emissions. The process gets its name from the shape of the combustion pocket in the piston.

GLE 300d 4MATIC LWB

This 4-cylinder diesel engine of the latest generation gives a lot but take little. This is thanks to their particularly light, compact design and minimal frictional losses. Significantly less noise and vibrations bring the level of refinement virtually to that of petrol engines. This stepped bowl combustion system reduces the thermal load on individual components. In addition, even better use is made of the air and the combustion speed is increased – this improves efficiency and reduces particulate emissions. The process gets its name from the shape of the combustion pocket in the piston. The OM654 In-line 4-cylinder engine comes with 180 kW (245 hp) of power and 500 Nm of Torque.

*Please read the disclaimer.

Petrol Engine

GLE 450 4MATIC LWB

Systematically electrified for an outstanding driving experience – the Integrated Starter-Alternator boosts and recovers energy, while the 48 V onboard electrical system supplies the power consumers and the auxiliary compressor provides torque from just above idle speed. More than a bonus: the smooth running of six cylinders in line.

The Integrated Starter-Alternator (ISA) combines the starter and alternator in a powerful electric motor between engine and transmission, assisting the internal combustion engine with up to 16 kW/22 hp and 250 Nm of torque (boost function).

Transmission

9G-TRONIC

Let your vehicle take care of changing gears: you will barely notice the gear changes made by the 9G-TRONIC automatic transmission. Nine gears enable low engine speeds, which reduces your fuel consumption and ensures a more pleasant noise level. When you select the Comfort and ECO drive programs via DYNAMIC SELECT, the 9G-TRONIC shifts through the nine gears for you smoothly and efficiently, thus providing optimum ride comfort. In addition, the transmission is also truly sporty: at the press of a button you can experience fast, sporty gear changes while nevertheless frequently driving in the optimum engine speed range.

Suspension

AIRMATIC package (Available with GLE 400d 4MATIC LWB and GLE 450 4MATIC LWB)

In the AIRMATIC package, an adaptive damping system meets modern air suspension. The result: an intelligent comfort suspension which is able to adjust automatically to the driving conditions, speed and load. As a result you benefit from counterbalancing driving stability with first-class comfort both on good and bad roads.

Headlamps

MULTIBEAM LED (Available with GLE 400d 4MATIC LWB and GLE 450 4MATIC LWB)

For your perfect vision: the adaptive MULTIBEAM LED headlamps with individually controllable LEDs react to the traffic situation. Partial main beam omits other road users without dazzling them. When the road is clear, the ULTRA RANGE Highbeam increases the range by 150 metres. Adaptive Highbeam Assist Plus spares oncoming traffic or vehicles in front with highly precise LEDs: you do not have to keep on changing over to low-beam headlamps.

LED High Performance headlamps (Available with 300d 4MATIC LWB)

The LED high-performance headlamps provide more safety at night and an unmistakable, distinctive look. LED technology illuminates the road ahead better than conventional headlamps – and it uses less energy. The adaptive tail lights featuring LED technology adjust their light intensity to the ambient conditions.

*Please read the disclaimer.

Panoramic sliding sunroof

Whether open or closed, with the panoramic sliding sunroof you experience a wonderful feeling of freedom and enjoy a pleasantly bright ambience in the interior. When viewed from the outside, the large sliding sunroof likewise makes a unique visual impression, as it lends lightness and exclusivity to the interior.

The panoramic sliding sunroof has intelligent safety functions such as the integral obstruction sensor. And a sudden rain shower won't bother you either, as your sliding sunroof will close automatically. When a hazardous situation is detected, the roof is also closed automatically as preventive protective measures are initiated in conjunction with the PRE-SAFE® system.

Aluminium-look, illuminated running boards with rubber studs

A real eye-catching feature are the illuminated, aluminium-finish running boards. They are mounted on the side at the height of the side skirts, thus making it easier for you to get into the front as well as the rear. Slip-resistant rubber studs ensure a firm foothold.

*Please read the disclaimer.

Underguard

This equipment protects the entire underbody of your vehicle. As such you are always perfectly equipped for those spontaneous off-road excursions. In addition, the underguard shields the engine compartment, thus effectively reducing dirt.

Mirror Package

The Mirror Package makes everyday driving easier: Electrically folding outside mirrors help protect your vehicle against annoying damage when parking. In addition, getting in and out of the vehicle in the dark is more convenient with the surround lighting. An attractive, eye-catching feature is the projection of the brand logo next to the opened side doors.

Expression Interior

Adjust the colour scheme in your vehicle as the fancy takes you. With the ambient lighting system you have a choice of 64 colours, various colour schemes and effects at your disposal. Other highlights come courtesy of the elements in silver chrome plus the upholstery in sleek DINAMICA microfibre and hard-wearing ARTICO man-made leather.

With the Ambiance package, the Mercedes-Benz design philosophy of Sensual Purity is brought to life – exclusive materials elegantly blend into the interior.

- Ambient lighting with 64 colours
- Comfort seats upholstered in ARTICO man-made leather
- Interior Chrome package:
 1. Controls and trim in the door panel area in silver chrome
 2. Controls on left next to the steering wheel in silver chrome
 3. Hand comforter, control switches and cup holders in the centre console in silver chrome
 4. Control bar for climate control in silver chrome

Widescreen Cockpit

Display cluster comprises of two fully digital colour displays in a flat screen look, each with a screen diagonal of 31.2 cm (12.3 inches) and a resolution of 1920 x 720 pixels.

Inspirational design meets a fully digital display with flexible presentation options: the Widescreen Cockpit enables information to be truly experienced. The desired content can be positioned individually and the host of functions controlled intuitively thanks to touch technology.

With the Widescreen Cockpit, the instrument display and media display form a visual unit. The two fully digital colour displays are combined together beneath a joint glass cover and blend harmoniously into the interior design as a continuous surface area. For the first time, this variant of the media display features a freestanding design without trim cover – as an elegant visual highlight.

Multifunction sports steering wheel in nappa leather

The multifunction sports steering wheel in nappa leather with black control panels will delight you whenever you see and touch it. The soft nappa leather is of very high quality. The steering wheel therefore conveys our passion for high-quality automotive details.

Perfect vehicle control: the steering wheel sets the course, and not just on the road surface. It connects you with the vehicle and becomes a control centre. The Touch Control buttons on the left and right operate various navigation, telephony and entertainment functions. Last but not least, they set the speed/proximity control: everything under control without taking your hands off the steering wheel.

4-Zone THERMOTRONIC Automatic climate control

The THERMOTRONIC automatic climate control system with 4 climate zones provides an individual feel-good climate on board. The driver and front passenger are able to set the temperature and air distribution to suit their personal needs. The climatic settings can be stored and retrieved at the touch of a button.

THERMOTRONIC comes with further advantages. Firstly: the integral activated charcoal particle filter. This works very efficiently, and besides dust and soot particles also eliminates pollen, harmful substances and unpleasant odours. A sensor for air quality and noxious gases permanently monitors the quality of the exterior air drawn in, and automatically switches to air recirculation mode if pollutant levels rise. Secondly: the residual engine heat function. When making intermediate stops, and at the touch of a button, this uses the waste heat from the engine compartment to warm the interior. Thirdly: the dew point sensor. This measures the absolute air humidity and effectively counters any tendency of the windscreen and front side windows to mist up.

4-zone automatic climate control: allows an individually regulated climate to be set for the driver, front passenger and left and right sides in the rear

Hard-Disc Navigation

The high-quality 2D or 3D map displays recommend the ideal lane for your next driving manoeuvre. The system will first determine the route you require. This can be the fastest way or, for example, a toll-free connection. You enter the data as you wish – on the touch screen, or using the touchpad, the Touch Control buttons or LINGUATRONIC. The system even understands you in colloquial language. Say "Hello Mercedes, take me to..." and indicate a desired location. And route guidance promptly starts, right away. Always fully updated: online connectivity automatically updates map data via the mobile network.

Wireless Charging Front

Driving time becomes charging time – with just a simple hand movement your smartphone can be fixed in place in the oddments tray where it is charged wirelessly. Irrespective of the model and brand, compatible smartphones are charged wirelessly.

*Please read the disclaimer.

Additional USB ports

Charge smartphone or tablet quickly – with a total of five additional USB-C ports you and your passengers can quite easily supply your mobile devices with power while on the road. Via selected connections, devices can also be connected directly to the vehicle's multimedia system and controlled.

Smartphone Integration

Smartphone Integration merges the mobile phone with the infotainment system via Apple CarPlay™ and Android Auto. This gives you convenient access to the most important applications on your smartphone. You can also use apps from third-party service providers such as Spotify quickly and easily.

The available displays on the smartphone are optimised for the media display's interface, i.e. they are even clearer. For your concentration should continue to be devoted to your driving. This is why the voice control is more than just an appealing feature. You can submit your requests via the voice assistants in the car too.

Electric sunblinds in rear doors

Seeing and not being seen: the electrically extending and retracting roller sunblinds in both rear doors protect passengers from prying eyes and against strong sunlight in summer. It is still possible to see through to the outside.

Using the roller sunblinds is intuitive: they can be moved the desired position via the buttons in the door control panels of the rear doors. In addition, the driver can control the rollers centrally via the door control panel. If you do not need the rollers they can be concealed quickly at the press of a button in the door well.

Preinstallation for entertainment and comfort features

First-class entertainment, in the second row too: the preinstallation allows you to easily connect a variety of equipment and accessory products. The system attaches to the backrests of the front seats and features an integral power supply – for undisturbed entertainment on longer journeys.

With the preinstallation you can connect a host of accessory products to the vehicle. Using Plug & Play, technical equipment such as the Apple® iPad can be powered without any visible cables. When not in use, the preinstallation is safely concealed beneath a magnetic catch.

*Please read the disclaimer.

EASY-PACK Tailgate

Extremely practical: the EASY-PACK Tailgate can be opened and closed electrically and makes loading and unloading the boot even more convenient. You can start the opening and closing process very conveniently at the press of a button and interrupt it at any time by pressing the button again.

*Please read the disclaimer.

EASY-PACK Load compartment cover

Protect your luggage from the sun and prying eyes: the EASY-PACK Load compartment cover comprises of a retractable cover which is fitted behind the rear seats. You can remove this at any time and store it in the compartment provided beneath the load compartment floor.

Velour floor mats

The velour floor mats additionally enhance your interior. They are finished in the respective appointments colour and edged. As such they blend into the interior design perfectly. In addition the mats protect the footwell against dirt – they can be removed easily to be vacuumed or cleaned.

Additional Interior Features (Available with GLE 400d 4MATIC LWB and GLE 450 4MATIC LWB)

Memory Package

The Memory Package provides practical ease of operation – especially when your vehicle is used by different people. Besides seat adjustment, the individual position profiles also comprise the alignment of the steering column and exterior mirrors. After a change of driver or front passenger, your position can be restored at the press of a button.

*Please read the disclaimer.

Electrically-adjustable rear seats

With the electrically adjustable second seat row you can enjoy convenient flexibility:

Extend the luggage compartment quite simply at the press of a button and adjust the rear seats into the desired position. With this equipment your rear seat passengers also benefit from a high degree of individual seating comfort.

Safety and Assistance

Adaptive Highbeam Assist Plus (Available with GLE 400d 4MATIC LWB and GLE 450 4MATIC LWB)

Drive with permanent main beam. This virtually turns night into day and relieves the strain on you in your driving duties. See very far, don't dazzle – the Adaptive Highbeam Assist Plus works according to this motto. The intelligent system spares oncoming traffic or vehicles in front with highly precise LEDs: you do not have to keep on changing over to low-beam headlamps.

Safety and Assistance

Parking Package with 360-degree camera (Available with GLE 400d 4MATIC LWB and GLE 450 4MATIC LWB)

Optimum parking service on board. Active Parking Assist with 360° camera makes it easier for you to find a parking space and to manoeuvre into and out of parking spaces. The choice is yours: thanks to all-round visibility you can park your vehicle yourself – or have your vehicle parked stress-free.

*Please read the disclaimer.

Parking Package with Reversing Camera (Available with GLE 300d 4MATIC LWB)

The reversing camera offers you more overview and comfort when manoeuvring. This can pay off as you could avoid damage. The media display shows what the camera detects. When reversing, the system assists you by overlaying dynamic guide lines which display the path of the vehicle based on the steering angle.

Safety and Assistance

Emergency spare wheel

The emergency wheel is lightweight and makes changing a tyre in the event of a breakdown simple. This enables you to reach the next service station even in the event of more significant tyre damage which it may not be possible to repair with TIREFIT tyre sealant.

Blind Spot Assist

Blind Spot Assist takes a very close look for you – in particular as soon as you actuate the turn indicator. The system is thus able to give you a visual and audible warning of side collisions with other road users in the blind spot. After your trip, the system still remains alert and warns you if you open the door at the wrong time.

*Please read the disclaimer.

Safety and Assistance

Active Brake Assist

Active Braking Assist can help you to avoid rear-end collisions and accidents with crossing pedestrians and cyclists. Besides distance and collision warning, it also provides situation-dependent brake boosting in the event that you apply the brakes with insufficient force. If you do not react, it is able to initiate autonomous emergency braking.

*Please read the disclaimer.

Tyre pressure monitoring system

The system monitors the tyre pressure for you and provides you with a warning in the event of a drop in pressure. This way you can react more quickly to these hazardous situations. Too low a tyre pressure can also result in longer stopping distances. When the control systems notifies you, you should top up the air quickly. Correct tyre pressure additionally increases mileage.

Safety and Assistance

Airbags:

The side airbags in the outer seat backrests can protect the chest and pelvis area of the driver and front passenger in a severe side impact. Together with the windowbags they boast optimum safety potential when it comes to reducing injuries. For this, the air cushions unfold between the door and the occupant.

- Airbags for driver and front passenger
- Sidebags for driver and front passenger
- Windowbags to protect the head area of the driver, front passenger and occupants in the outer rear seats
- Kneebag is able to protect the driver in the knee contact area of the dashboard

*Please read the disclaimer.

Mercedes me connect

(Available with GLE 300d 4MATIC LWB and GLE 400d 4MATIC LWB)

Mercedes me connect allows drivers to stay in touch with their vehicles from anywhere in the world, and to obtain assistance at the touch of a button.

Vehicle Monitoring

Parked Vehicle Locator: It can locate your parked vehicle within a radius of 1.5 kilometres and show you on a map how to make your way back to the vehicle.

Vehicle Tracker: Your vehicle's geo-coordinates are sent by GPS.

Notification if the vehicle exceeds the set speed: Receive an alert if your vehicle exceeds a certain speed.

Vehicle Set-Up

Remote Retrieval of Vehicle Status: Information on Mercedes me App or the Mercedes me Portal.

Remote Door Locking and Unlocking: The Mercedes me App or from the Mercedes me Portal can lock the doors later if needs be.

Speed Alert: Receive an alert if your vehicle exceeds a certain speed.

Send2Car function: Send your address to your vehicle via an app.

Navigation Connectivity package

In combination with the standard-fit communication module (LTE) and the hard-disc navigation makes sure that you always reach your destination as quickly as possible by the best route.

Mercedes-Benz emergency call system

The Mercedes-Benz emergency call system can save you vital minutes in an emergency. If an accident is detected, a communications module with its own SIM card automatically triggers an emergency call which can shorten the time until the rescue services arrive.

Geniune Accessories

Roof spoiler, primed

Unflinchingly individual: a roof spoiler from Mercedes-Benz sets your vehicle apart. It gives the rear a more compact, powerful, accentuated look. Head-turning bodystyling, and safe too: the roof spoiler does not affect the field of vision. Quality on top: the roof spoiler is highly durable, thanks to the use of precision-fit, dimensionally stable polyurethane. Also offers many other compelling selling points: for example it is simple to secure in place using special adhesive tape. Supplied primed – ideal for painting. Does not need to be entered in vehicle documents. For that visible distinction – Mercedes-Benz.

Load sill guard

The load sill guard in a chrome look reliably protects the boot sill of the vehicle against damage and signs of wear. A specially developed tape for the automotive exterior allows a quick and simple fitting. The load sill guard precisely adapts to the contours of the vehicle and, thanks to the carefully selected materials, ensures a high-class appeal.

Door handle recesses in front and rear

An exclusive highlight: the refined, chrome-design door handle recesses lend the vehicle a polished, individual look. The stable, robust material is precision-tailored to the bodywork and protects the paintwork in the recess from scratches.

Geniune Accessories

Sports pedals in stainless steel

For a sporty look – the pedal covers, in brushed stainless steel, add a sporty, high-quality touch to the interior. The genuine parts feature a non-slip rubber stud inlay and comply with Mercedes-Benz's safety standards.

My Mercedes. My Service.

You enjoy life. We'll take care of your Mercedes.

The best or nothing! This statement conveys how Mercedes-Benz aspires to develop and build highly desirable, top-class vehicles. The same passion, pledge and commitment apply to the Mercedes-Benz Service too. The bouquet of world-class After-Sales products will not only attend to every need of your Star but will also redefine the concept of ownership experience with a focus on providing end-to-end customer delight. After all, you Star deserves nothing less than the best.

STAR EASE

Delivering the best-in-class value

Servicing your Star does not get any better than this. With the STAR Ease Maintenance Packages, pay a defined cost of maintenance based on the model, contract period and mileage and say goodbye to spending on service every time. Plus, enjoy exclusive features like priority handling, shorter waiting time and quicker processes.

Advance Assurance Program

Extending your warranty coverage

With Advance Assurance Program, experience complete peace of mind. While this Extended Warranty Program kicks in the moment your standard 3 years warranty comes to an end, it can be extended further up to 6 years at a nominal price. Also, it comes with a bouquet of privileges for a worry-free time with your Star.

MOBILO

Providing you 24x7 mobility support

Your vehicle comes with Mobilo which provides round-the-clock on-road assistance service. Mobilo comes as a standard for 3 years and can be extended further up to 8 years at a nominal cost. This service offers privileges like vehicle towing facility, replacement vehicle, hotel accommodation, just to name a few.
